Peter Buffett is an Emmy Award–winning musician, philanthropist, and author. His Native American-inspired music has received critical acclaim. He is the author of *Life Is What You Make It: Find your Own Path to Fulfillment*.

Buffett has created a live music event that incorporates personal stories, photos, and video to give the audience an impactful and inspirational evening. Using his own life story as illustration, he conveys that it’s one’s values—and what we are able to give back to society—that shape and define us as individuals.
